

Client-Access Point
Association

```
graph TD; A[Client-Access Point Association] --> B[Distributed]; A --> C[Centralised]; B --> D[Mobility Management]; C --> E[Load Balancing/Throughput Optimisation];
```

The diagram is a hierarchical flowchart. At the top is a box labeled 'Client-Access Point Association'. A vertical line descends from this box and splits into two horizontal arrows pointing to 'Distributed' and 'Centralised'. These two boxes are enclosed within a larger rectangular frame. From the bottom of this frame, a vertical line descends and splits into two horizontal arrows pointing to 'Mobility Management' and 'Load Balancing/Throughput Optimisation'. All boxes have black borders and black text. Arrows are blue.
